THE COMMON FRAMEWORK

Intent-led structure

Search, Shopping, Performance Max and Meta campaigns segmented by buying intent, product line and market.

Platform-native creative

Reels, video, carousel and static built for each placement, with offer and CTA variants tested against each other.

Full-funnel tracking

Conversion tracking, remarketing audiences and lead-quality signals feeding back into bidding.

ROAS-led budgeting

Spend moved continuously toward the campaigns, products and markets returning the strongest cost per outcome.
